I hired pizzarageous for my sons graduation party. The service was awesome. I told them where I wanted them to setup, and they did the rest. The first party that I didn't have to do all the work. I got to relax and enjoy myself.

Susanne and Ray were so professional. We hired Pizzarageous for my daughter's wedding shower, it was so fun to watch the guests pick their pizza slices. The crust was fresh as well as all of the toppings. Ray set up outside in our yard and was so quiet, the guests didn't know where the pizzas were coming from. When the party was over, Ray cleaned up and put away his supplies and off he went, leaving our yard spotless. We would highly recommend Pizzarageous, we can't wait until our next party to use them again.

After using Pizzarageous for my party I just had to write a review. I have used other catering services in the past including the ever so famous "taco guy" who comes to your party and makes tacos for everyone. When it came time to book a caterer for my husbands surprise party I googled the "taco guy" and to my surprise Pizzarageous popped up as a suggestion. I browsed their website to see how they could possibly cook pizza's for large parties. Their website looked great however I wasn't sure how the final product would turn out and even if they were legit. There were no reviews so that made me a bit leery. Anyway the more I thought about a "pizza guy" the more I was leaning towards booking them for my event.

After talking about all the details with Susanne of Pizzarageous I went with my gut and booked Pizzarageous for my husbands surprise birthday party. Susanne was very informative and answered all my questions. She was very upfront and there were no hidden fees. I knew exactly how much it was going to cost including tax and tip.

Ray and his daughter showed up to the party on time with their own ovens, table, and they even provided plates for everyone. Once they started cooking there was basically a pizza coming out of the oven every 7 minutes and they'll keep providing pizza as long as everyone is eating. What a great deal! It not only provided food for the party but because they were cooking for our guests they were entertainment as well. The pizza was a HUGE hit and it tasted really good!

Working with Susanne and Ray was a lot of fun and I would definitely recommend having Pizzarageous cater your next party! I'll be a returning customer! Thanks Again Pizzarageous!

Thank you Pizzarageous, Ray and Susanne, for making my daughter's graduation party such a success. Having you come make fresh baked pizza's gave me time to visit with our guests and I didn't have to stress over making sure I had enough food for everyone. My guests loved that they could request what they wanted and then have it fresh from the oven within minutes. The best part was the clean up, I didn't have any! If you want a stress free event or party have Pizzarageous come serve their delicious pizza's to you and your guests.

Dear Susan,

The Women's Club of Orange would like to thank you for a job well done. Pizzarageous made several varieties of delicious pizza and a green salad for our luncheon and game day on May 26, 2010. We especially appreciated your professionalism in arriving on time and your efficiency in preparing the lunch while our meeting was going on. And best of all you and your assistant cleaned up after yourselves.

We auctioned off the leftover pizza and that was a great hit - no cooking dinner that night for our lucky winners. We would be happy to have you back again. Thank you,
Cheryl K. Orange, CA

We thoroughly enjoyed how easy it was to plan a Pizzarageous party and how tasty the pizza was! Hot pizza all evening long and it was entertaining for our guests to watch the pizzas get created. The ingredients were fresh and gourmet.

"Pizzarageous was so delicious! Everyone loved the pizza and the speedy serve. I would highly recommend Pizzarageous for a birthday party, work party or family get together."

Our company used Pizzarageous to cater a meeting with between 80-90 participants. I was concerned that making pizza from scratch would be such a slow process for so many attendees. They set up their equipment in a minimum amount of space quickly and efficiently. There was no wait, the pizza was very good and everyone enjoyed it immensely. We then used them again for our monthly meeting of approximately 50 people, not a single complaint. I remember thinking that I would have some cleaning work to do in the kitchen when they were finished. Nothing of the kind! The area was left spotless and not a crumb in sight. Friendly and efficient with good, fresh food. I would definitely recommend them to anyone.

You and Ray went beyond the call of duty to make our party so successful. Everyone commented how they loved the pizza. The rainbow sherbet was a great idea too. It added another dimension to the palate after the delicious pizza. Use me as a reference any time. Feel free to give out my telephone number.
